ARC American Red Cross

Founded in 1859. ARC has been saving lives through health and safety education and training. From first aid, CPR and blood borne pathogens training to swimming and lifeguarding.

CPR for the Professional Rescuer Recertification

This course will review infant, child, and adult CPR, one or two rescue techniques, use of pocket mask. Skills demonstration and written test will follow. Course is only open to WFR Recertification and WFR students.

TBA..... \$75

Fee includes all materials, food and lodging . Course begins at 7:30 pm.

Lifeguarding & Waterfront Module (3 days)

This course provides a complete skills instruction package incorporating equipment based rescues, spinal injury management, post-rescue care, First Aid and CPR training.

PREREQUISITES: Participants must successfully complete a pre-course session consisting of the following: Swim 500 yards continuously using breast stroke, crawl, and sidestroke; tread water for 2 minutes with hands under arm pits, using the legs only; submerge to a depth of 7 feet, retrieve a 10 lb. object and return to surface; swim 25 yards from shallow to deep, pick up a 10 lb brick and return to shallow end.

CERTIFICATION: Participants receive Lifeguarding and Waterfront certification including First-Aid valid for 3 years. They also receive CPR certification valid for 1 year.

May 23-25..... \$300

Fee includes all materials, food and lodging for 2 nights. Course begins at 9:00 am on the first day.

Water Safety Instructor (4 days)

Become an American Red Cross Swim Instructor. This course will show you how to teach life saving skills to others and give you the skills necessary to efficiently and accurately teach strokes. Learn to teach the seven levels of the Learn to Swim Program, the Infant and Preschool Aquatics Program, and the Community Water Safety and Water Safety Instructor Aide courses.

PREREQUISITES: Participants must successfully complete a pre-course screening which includes swimming 50 yards of all strokes except the butterfly which is 25 yards. You MUST BE A STRONG SWIMMER TO PARTICIPATE.

CERTIFICATION: Participants receive two certifications. WSI certification is good for 2 calendar years. FIT, no expiration as long as instructor's certification is maintained. All certifications expire on 12/31 of the calendar year.

May 26-29 \$375

Fee includes all materials, food and lodging for 3 nights. Course begins at 9:00 am on the first day.

WMA Wilderness Medical Associates

Founded in 1978, WMA courses are considered the most complete medical training for outdoor professionals and are preferred by such organizations as Outward Bound, The National Park Service, many colleges and universities.

Wilderness First Responder (9 days/72 hrs)

This course is the industry standard for outdoor professionals and people who will be leading outdoor trips. Wilderness First Responder course offers emergency medical training. It will teach participants how to manage medical and trauma situations in remote settings when entry into the EMS system is unlikely or delayed. Learn how to improvise with what's readily available. Explore options when medical evacuation is not an option. Topics include patient assessment, body systems, equipment improvisation, trauma, environmental medicine, toxins, back country medicine, and wilderness rescue. Bring weather appropriate clothing, sleeping bag, pillow, pens, and a notebook. Rain or shine, much of the time is spent outside.

PREREQUISITES: No previous medical experience is necessary.

CERTIFICATION: Students who successfully complete the WFR course receive a WFR certification card, an Anaphylaxis certification card and a BLS-CPR certification card from Wilderness Medical Associates. These certifications remain valid for three years.

May 14-22..... \$750

Fee includes all materials, food and lodging for 8 nights beginning May 14. Course begins at 8:00 am on the first day.

Wilderness First Responder Recertification (3 days/24 hrs)

Required before the expiration of your current certification, this course recertifies WFR's for another three years. This curriculum was designed by WMA specifically to provide an intensive review with essential updates where treatment options and protocols have changed. Topics include patient assessment, body systems, equipment improvisation, trauma, environmental medicine, toxins, backcountry medicine, wilderness protocols and wilderness rescue. Bring weather appropriate clothing, sleeping bag, pillow, pens, and a notebook. Remember that, rain or shine, much of our time is spent outside.

PREREQUISITE: To be eligible for renewal of certification, students must hold a WFR certification issued no more than 3 years prior to the recertification course. Those holding an unexpired recertification card are also eligible.

CERTIFICATION: All students who successfully complete a Recertification course are certified by Wilderness Medical Associates. Certification is valid for three years.

May 23-25 \$350

Fee includes the cost of the Recertification Package, food and lodging May 23-24.

Course begins at 8:00 am on the first day.

Safety and Health Council of North Carolina

The Safety and Health Council of North Carolina is a non-profit, non-governmental public service association chartered under the laws of the State of North Carolina. Council's mission is to be recognized as the leading organization for reducing accidents through education and training

Van Driver Course (2 hrs + 45 min of actual driving)

This two-hour classroom, with 45 minutes one-on-one driving per student, shows drivers how to compensate for the differences of van driving, versus car driving, to help keep them on the road and on the job.

Course content includes: van characteristics, pre-trip inspection, safety belts, cushion of safety, scanning, blind spots, city, highway & rural driving, and backing. The course also helps to make sure drivers are familiar with DDC principles, use what they know, and evaluate drivers out on the road. Used as a refresher course for all drivers or to improve problem-driver skills, as well as matching speed to conditions, conduct driving audits/evaluations, spot clues that signal driving problems, and much more! A coaching report filled out on each behind the wheel driver as one-on-one coaching is done per student.

PREREQUISITES: Current valid driver's license required.

CERTIFICATION: Coaching the Van Driver II Certificate of Completion

June 2..... \$130

Driving time scheduled separately and may be on a different day

Fee includes materials. Students or camps must supply their own 15 passenger van for the practical driving.

CHA Certified Horsemanship Association

Founded in 1967 to develop a means to test and evaluate riding program staff for risk management skills, teaching ability, horsemanship knowledge and professionalism. Today, CHA is the largest and most active instructor certification system in North America.

CHA English Only Certification Clinic (6 days/40 hrs)

The purpose of the CHA clinic is to evaluate the existing knowledge and skill level of the clinic participants and to grant certification at the level that each participant is able to demonstrate his/her proficiency throughout the clinic. Instructors are evaluated in five areas: safety, horsemanship knowledge and ability, teaching technique, professionalism, group control and responsibility. CHA certification clinics involve teaching at least four practice lessons, a riding evaluation, a written test and participation in workshops on risk management, teaching techniques, professionalism and herd management.

PREREQUISITE: A candidate for certification must have sufficient experience with horses and people to assume responsibility for the safety and well being of groups of less experienced riders. Instructor candidates must have strong organizational skills and communicate clearly. Participants must be able to demonstrate the ability to catch, lead, groom, tack and generally handle and care for horses without assistance. You must be able to mount, dismount and ride at the walk, trot and canter/lope on the correct lead, with good form and control in a group, in the arena and in the open.

CERTIFICATION: Certification may be earned in English disciplines and is valid for three years from the certification date.

May 26-31 \$750

Fees include all manuals, materials, 1year individual membership in CHA., school horses and all necessary equipment, food and lodging for 5 nights. Course begins at 7:00 pm on the first day.

Signature Research Inc.

A full service challenge course company Signature Research Inc. has been serving clients since 1979. They have extensive experience in ropes course, climbing wall and tower design and installation - as well as program facilitation and management. Signature Research Inc. is a Professional Vendor of the Association for Challenge Course Technology and a staff member serves on the ACCT Challenge Course Construction Standards Committee.

ACCT High Challenge Course Facilitator Training (3 days plus 1/2 day for testing) Recertification

This course is designed to cover appropriate technical and course management issues for your personnel to develop the skills to operate your high challenge course program. Through this workshop the course will help you begin to utilize your own course to its greatest potential.

The high challenge course certification will cover such topics as: group dynamics, facilitator responsibilities, checks, verbal contracts, goal setting, equipment care, use and maintenance, maintaining program integrity, spotting, techniques, commands, set up and take down of high components, knot tying, equipment use, care and maintenance. All course content will be based upon the ACCT Standards as published by the Association for Challenge Course Technology.

PREREQUISITES: Participants should have some High Ropes experience.

CERTIFICATION: Certificates of participation will be provided to all participants. Level 1 certification will be given to those successfully completing and passing the course.

May 24-27.....\$400

Fee includes materials, food and accommodation for 3 nights. Course begins at 8:30 am on the first day.

FMG Fox Mountain Guides & Climbing School

FMG specialize in training Climbing Staff for Programs such as NOLS, Outward Bound, Summer Camps, Outdoor Education Universities and Guide Services. They are the largest of the AMGA Single Pitch Instructor Program in the Southeast, and have fifteen years of experience working with Outdoor Adventure Programs in the Summer Camp Industry. FMG Owner and head guide, Adam Fox is the National Discipline Coordinator for the American Mountain Guides Associations Single Pitch Instructor Program and current member of the Board of Directors of the AMGA.

AMGA American Mountain Guides Association

Founded in 1979, the AMGA offers the only nationally recognized rock climbing instructor training and certifications in the USA. The AMGA courses meet and exceed the training requirements of climbing staff for USFS Commercial Use Permits, ACA and AEE accreditation. The AMGA is a Business Affiliate Partner with the American Camping Association.

AMGA Climbing Wall Instructor Certification Program (20 hours)

The **American Mountain Guides Association (AMGA) Climbing Wall Instructors Program** is the national standard to train and evaluate indoor climbing wall instructors. The Climbing Wall Instructor Certification Program is designed to evaluate the concept of a climbing-wall-specific technical skills certification. The course is two and one half days in length and a minimum of 20 hours of instruction, skills demonstration, and evaluation. The course addresses the basic technical skills necessary to manage an instructional program at a climbing facility. At a minimum, training for candidates shall occur in each of the following technical competency areas. Candidates shall possess sufficient knowledge, demonstrate skills, and/or demonstrate teaching ability in each competency area (if appropriate to the topic) in order to successfully complete the course.

This twenty hour course will address the basic skills necessary to manage an instructional program at a climbing facility, and will address the following general topic areas:

Professionalism and the role of a climbing wall instructor;

- Client orientation and instruction;
- Teaching general climbing skills including movement;
- Teaching top-rope and lead belaying techniques;
- Equipment and facility use; and Rescue and emergency procedures.
- Risk management

Upon successful completion of the course the participants will receive the AMGA Climbing Wall Instructor Certification.

May 25-27..... \$350

Course is being held at Blue Star Camps, NC. Includes accommodation and meals and one year membership in the AMGA.

Course begins at 8:30 am each morning and will end at approximately 1:00 pm on May 27th

The *American Mountain Guides Association* (AMGA) *Single Pitch Instructor Program* is the only nationally and also internationally recognized and endorsed climbing instructor certification for single pitch instructors in the USA. The AMGA SPI Program is the sole US endorsed UIAA climbing instructor certification and was created by the AMGA over a decade ago (1998). The certification is now required to work in many areas and is the certification required by most employers seeking climbing instructors in the USA today.

AMGA Single Pitch Instructor Course (3 days/27 hrs)

The AMGA Single Pitch Instructor Program is designed to enable instructors to proficiently facilitate and instruct the sport of rock climbing in a single pitch setting. The program is for current, active rock climbers that have a real desire to teach rock climbing to novices in a single pitch setting. Candidates should be passionate rock climbers that have their own equipment, regularly climb and have been rock climbing outdoors for at least 12 months. The SPI Course is not a climbing course, it is an instructor training course for current, proficient and active rock climbers and for climbing instructors who currently teach rock climbing that wish to gain the SPI Certification. The SPI is the first stage of the AMGA's Rock Discipline guide training and certification program and will significantly help candidates that wish to work towards the next stage in the program, the AMGA Rock Instructor Course. The course teaches many instructor specific topics such as professionalism, teaching techniques, risk management, group site organization, climbing site conservation/LNT and assistance/rescue skills.

The SPI Program is a three day (27 hour) training course and separate two day (16 hour) assessment. Certification lasts for three years as long as the candidate keeps current AMGA Membership and First Aid Certification. After three years current SPI's can re-take the SPI Assessment to re-gain the SPI certification.

SPI TERRAIN GUIDELINES: The SPI will be able to proficiently facilitate and instruct the sport of rock climbing in a single pitch setting. Single Pitch Instructors supervise and teach climbing at any single pitch cliff, working at the base or from the top. They can work at sites where the anchors are accessed by non technical terrain and also by leading. For the purpose of the SPI Program a single pitch climb is one which is climbed without intermediate belays and presents no difficulties on approach or retreat, such as route finding, scrambling or navigating. The SPI Program does not cover multi-pitch guiding. These skills are taught in the AMGA Rock Instructor Course. SPI's that guide clients in multi-pitch terrain would be guiding outside of their terrain guidelines.

PREREQUISITE: You meet the prerequisites for the SPI course: you have a genuine interest in rock climbing and instructing novices on single pitch crags; you are at least 18 years old at the time of the course; have at least 12 months prior climbing experience; are an active climber with traditional lead climbing experience (leader placing pro); have TRAD lead climbed a minimum of 15 graded rock climbing routes (any grade); and are capable of comfortably climbing 5.8 while on a top rope.

Single Pitch Instructor Course.....TBA..... TBA

Course is off site at Looking Glass Rock, NC. No food, transportation or lodging is included in the fee.

Single Pitch Instructor AssessmentTBA TBA

For dates Fox Mountain Guides & Climbing School Website: www.foxmountainguides.com

BLUE STAR'S ASSUMPTION OF RISK AND RELEASE FROM LIABILITY

I understand that during my participation in the _____ training course(s) ("the Activities"), I may be exposed to a variety of hazards and risks, foreseen and unforeseen, which are inherent in the nature of the various activities I will be doing. I realize that the Activities involve inherent risks of personal injury, property damage, and even death ("Injuries and Damages") from exposure to various hazards, including but not limited to drowning or falling ("the Hazards"). These inherent risks cannot be eliminated without destroying the necessary features of or the unique character of the Activities. I understand that Injuries and Damages can occur by natural causes or actions or inactions of other persons, animals, fellow participants, leaders, assistants, or third parties, either as a result of negligence or other reasons. I appreciate that I may have to exercise extra care for myself and the safety of others around me in the face of the Hazards. I further understand that during the Activities, there may not be rescue or medical facilities or expertise necessary to deal with the Injuries and Damages to which I may be exposed.

In consideration for my acceptance as a participant in the Activities, and the services and amenities provided by BLUESTAR OPERATINGCO, LLC ("Blue Star") in connection with the Activities, I confirm my understanding that:

* I have read and understand the rules and regulations applicable to the Activities, and to the best of my ability, I will follow them.

* If I decide to leave the Activities early and not complete it as planned, I assume all risks inherent in my decision to leave, and waive all liability against Blue Star arising from that decision. Likewise, if the Activities are concluded, and I decide to go forward without supervision, I assume all risks inherent in my decision to go forward, and waive all liability against Blue Star arising from that decision.

* This agreement is intended to be as broad and inclusive as possible. If any provision of this agreement is held to be invalid or legally unenforceable, the remainder of this agreement shall not be affected thereby, and shall remain valid and fully enforceable.

* To the fullest extent allowed by law, I agree to **WAIVE, DISCHARGE CLAIMS, AND RELEASE FROM LIABILITY** Blue Star, its officers, directors, employees, agents, and independent contractors involved with the Activities **from any and all liability** on account of or in any way resulting from Injuries and Damages, even if caused by the negligence of Blue Star, its officers, directors, employees, agents, and independent contractors, in any way connected with the Activities. I further agree to **hold harmless** Blue Star, its officers, directors, employees, agents, and independent contractors from any claims, damages, injuries, or losses caused by my own negligence while a participant in the Activities. I understand and intend that this **ASSUMPTION OF RISK AND RELEASE** is binding upon my heirs, executors, administrators, and assigns, and includes any minors accompanying me on the Activities.

I have read this document in its entirety, and I freely and voluntarily assume all risks of such Injuries and Damages. Irrespective of said risks, I agree to participate in the Activities.

ADULT PARTICIPANT SIGNATURE REQUIRED
